

ABHIJIT CHOWDHARY

33 Washington Square W ♦ NY, NY 10011
(240) · 715 · 8308 ♦ abhijit9331@gmail.com

EDUCATION

New York University

May 2016 - May 2020

B.A. in Computer Science & Mathematics

Current GPA: 3.94/4.0

Howard Community College

May 2014 - May 2016

Misc. Math and Russian courses

Hammond High School

August 2012 - May 2016

Focus on Math and Physics

Current GPA: 3.57/4.0

PROJECTS

S Space Jam (Unfinished)

September 2015 - April 2016

Web Developer Java Dev

[Github.com/MSinnott/s-space-jam](https://github.com/MSinnott/s-space-jam)

- A music editing software which utilizes the fourier transform to combine similar music.
- Web Development utilizing JQuery, HTML, and CSS
- Project itself built in Java.
- Part of a 20% project in my high school CS class.

TrostResources (In Progress)

November 2016 - Present

Lead Developer

github.com/TrostAft/TrostResources

- Project culminating various libraries and necessary algorithms for the different languages that I use.
- Inteded for use during competition programming or for school assignments where I cannot use outside libraries.
- Includes other current projects that aren't big enough for their own repository, like my math shell currently in initial build.

Project Euler

January 2016 - Present

Participant

Trying to complete some problems to train both math and cs ability

- Using whatever language (mostly C, Haskell) most applicable
- Have solved 51 problems which translates to being in the top 5.593% of all solvers.

TECHNICAL STRENGTHS

Computer Languages

C, C++, Java, Python, Haskell

Tools

Git, Vim, Linux, Latex, Numpy, GSL
